

An underwater photograph with a deep blue color palette. In the upper right, a diver is visible, partially obscured by the water's murkiness. A large school of fish, possibly yellowtail snappers, swims in a loose formation towards the left side of the frame. The bottom of the image shows a rocky seabed with some coral or reef structures.

About us

NARWHAL Technology Co., Ltd was founded in 2015, which is located in Dongguan Guangdong and has two brands: PUFFER and HOTDIVE.

In the past 6 years, we have been committed to huge resource and asset on R&D to the related subject including scuba diving, free diving and swimming. And had 3 series of products that include smart phone housing, camera lens, mini scubas and free diving gears.

HotDive team consists mostly of scuba enthusiasts including excellent software engineers, hardware engineers, structural engineers, and professional sales and after-sales team. Designed by divers for divers are our motto.

With our innovation and high-efficiency service, we have absorbed many experienced fans worldwide to provide good suggestions and ideas that support us to create better and more popular products.

The design concept of the product is to make diving easy, and always provide high-quality, secure diving and swimming products and services to the customer. We focus on the diving field, constantly innovate, and persist in creating admirable products for customers with new technologies and new concepts.

Our diving equipment are certified with FCC, CE, MSDS, and international invention and design patents.

- Intergrated release valve: Aluminum

REGULATOR

First Stage Regulator

NEW

- Part Number: RG10F
- Balanced piston type first stage regulator
- 2 high pressure ports & 5 low pressure ports
- LP ports swivel
- 316 stainless steel body
- Customed with brand logo, MOQ 100 pcs

Second Stage Regulator

NEW

- Part Number: RG10S
- Military quality, civilian price!
- Applicable to all kinds of diving equipment, even able to use for ice diving.
- Main Materials: GF Enhanced PA+SS 316
- Customed with brand logo, MOQ 100 pcs

HOSES

Low Pressure Rubber Hoses

- Low pressure rubber hose;
- Part Number: HLP10
- Working Pressure: 30 bar / 430 psi
- Burst Pressure: 250 bar / 3600 psi
- Different lengths/colors available on request
- Stainless steel fitting

Low Pressure Braided Hoses

- Low pressure braided hose;
- Part Number: HLP11
- Working Pressure: 35 bar / 500 psi
- Burst Pressure: 250 bar / 3600 psi
- Different lengths/colors available on request
- Stainless steel fitting, Polyether-based polyurethane inner, Polyester middle, and PET outer jacket.

FREE DIVING GEAR

Equalisation Training Tool

- Part Number: FZ001
- High-quality aluminum;
- Adjustable air pressure;
- 22mm diameter to fit most adult noses;
- Colors: Gold / Silver / Red / Blue / Black
- 2 balloons included.

ACCESSORIES

Refill Adapter – SCUBA Tank

- Part Number: T-01A
- Refilling from large SCUBA Tank to HotDive Mini SCUBA.
- Size: 6.1 x 2" / 15.5 x 5cm
- Materials: Aluminium alloy

Scuba Diving Regulator First Stage Dust Cap

- Part Number: HDDC01
- Dust Cap for Yoke 1st-stage regulator.
- Universal design to fit ANY yoke first stage, and carry with a submersible valve O-ring as a backup.
- Size: 3 x 0.8" / 7.7 x 2.2cm
- Materials: TPU
- MOQ 1000 pcs with logo

Reusable Mouthpiece Clamp

- Part Number: HDMC03
- Re-usable mouthpiece fastening.
- Allow quick on/off of regulator mouthpiece.
- Size: 4.3 x 0.4" / 11 x 1 cm
- Materials: PA66

Pony Bottle Pressure Gauge

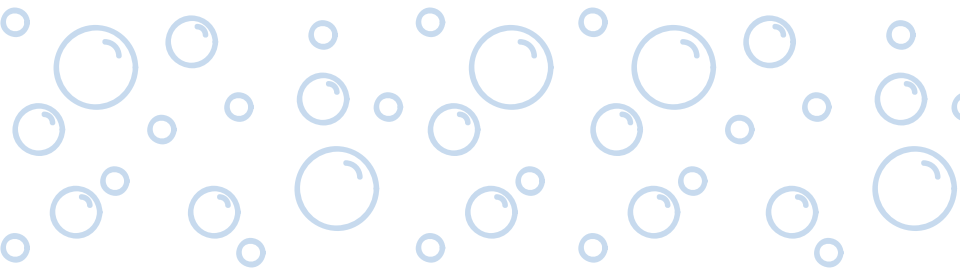

- Part Number: HPG01
- Mini pony bottle 207bar / 3000psi gauge
7/16" threading
- Size: 0.9 x 0.4" / 22 x 10 mm
- Materials: SS 304
